JUNIOR AND LITTLE DRAGONS TAEKWONDO CLASSES RESTART!!

Finally after 117 days of further national lockdown, Phoenix Taekwondo classes returned on Wednesday April 14th. For April, we saw the return of our Little Dragons, Beginner Juniors and Advanced Juniors. Our first week of classes saw almost 100 members participating across all the classes including many new starters. In addition, we also managed to run dedicated Sunday focus sessions for Sport Taekwondo, Black-Belt Dan Grading Preparation and a 'New Poomsae' (Patterns) session, that were all well attended. Unfortunately, adults group classes were still not allowed in April so we continued online classes. However, for May we will be welcoming back our adult members as well, following the latest guidelines published by the Government, the Department of Culture, Media & Sport (DCMS), Sport England and other Home Nation bodies via our NGB British Taekwondo. We look forward to a slow return to complete normal Taekwondo training in the next few months.

A Brand New Glossy Club Portfolio Brochure for All New Starters to Take Away and Keep

Since we can't have parents/spectators inside the class under the present restrictions, we cannot use our normal club brochure to pass around to new starters and their parents. Therefore, we have designed some lovely new shiny promotional brochures for the club. These have been created for new-starters so parents can take them away to keep and learn all about the club.

Introducing Our New Tae-Yong Selfie Frame!

Now that we are back to live classes for our Little Dragons, we have finished up our Tae-Yong award certificates we were running under Lockdown. Instead, we have gone with something more spectacular! We have introduced our GIANT Tae-Yong Selfie frame for the best performing Little Dragon in each class! Try you best and get the chance to photo-bomb!
